

WIREMOLD®

Table Boxes

Bring technology connections to the point-of-use

Table Boxes from Wiremold bring technology closer to the user's work area. The routing of power, A/V connections and communications is virtually transparent and increasingly more accessible. Our wide range of table box solutions offer flexibility to meet the connectivity and power configurations required to run business smoothly while enhancing the overall room appearance. From desks to conference rooms or executive board rooms, Wiremold Table Boxes make technology easily accessible to the user.

InteGreat A/V Table Boxes are ideal for executive boardrooms.

FEATURES & BENEFITS

- **Range of solutions.** Wiremold Table Boxes allow you to access services on, above or below the work surface with cord-ended or field-wired options. Standard off-the-shelf, field configurable or custom configurations are available to meet any work area need.
- **Variety of applications.** Office workstations, conference rooms, medical laboratories, even home offices can increase productivity by bringing access to connections up to the work surface.
- **Aesthetics.** Elegant yet functional access to services includes cover style and color options to meet room décor.
- **Ease of installation.** From placing a cord-ended unit in an existing opening, or using the supplied template to create the cut out, table boxes are made easy to install so you can get back to business.
- **Safety.** Wiremold Table Boxes meet U.S. and Canadian safety standards.

deQuorum™ Flip-Up Table Box and InteGreat Series A/V Table Box.

InteGreat A/V Table Boxes

InteGreat A/V table boxes are an elegant solution for extending power, communication and A/V to the meeting presenter's point-of use. InteGreat A/V table boxes provide the depth to mount devices, especially A/V devices, below the table top. It has attractive finishes that can match any room décor. Combine it with other InteGreat products, such as InteGreat Retractors, InteGreat Under Table Cable Management and InteGreat Transition Channel for a comprehensive solution to managing and delivering power, communication and A/V connectivity for conference rooms.

InteGreat A/V Table Boxes Ordering Information

Catalog No./Item	Description/Specifications
TB672APBK TB672APAL 	A/V Table Box – Table Box with 12' (3.66m) cord. Unit comes with two (2) 15A receptacles in the recessed compartments and one 15A receptacle on the underside of the box. Hardware bag includes Wiremold® AVIP Series Cable Kit with eight (8) openings. Can accept up to five (5) Legrand AVIP device plates or five (5) Extron® Electronics MAAP device plates. (Sold separately.) Available in black (TB672APBK) or aluminum (TB672APAL) finish.

InteGreat A/V Table Boxes accept Wiremold AVIP Series and Extron Electronics MAAP Device Plates.

A Wiremold® AVIP Series Cable Kit is supplied with every InteGreat A/V Table Box.

Convenience receptacle on the underside of the box is ideal for powering small devices under the table.

InteGreat Cable Retractors

InteGreat Cable Retractors attach easily to InteGreat A/V Table Boxes, or can be mounted directly to the underside of conference room tables. InteGreat Cable Retractors have 5' (1.52m) of retractable cable that allows users to have easy access to A/V and communication services. With a simple pull, the cable locks into place or retracts back into the table box, keeping the conference room table neat and organized.

InteGreat Cable Retractors protect cables while keeping them neat and organized.

InteGreat Cable Retractors Ordering Information

Catalog No./Item	Description/Specifications
TBCRCAT6 	Cable Retractor with Category 6 cable – Mounts directly to the InteGreat Series A/V Table Box or to the underside of the conference room table using the TBCRHMK. Loaded with 12' (3.66m) of Cat6A cable that extends out 5' (1.52m) from the retractor. Retractor has a female input from building infrastructure, and a male connector on the output side.
TBCRHDMI 	Cable Retractor with High Speed HDMI with Ethernet cable – Mounts directly to the InteGreat Series A/V Table Box or to the underside of the conference room table using the TBCRHMK. Loaded with 12' (3.66m) of HDMI with Ethernet cable that extends out 5' (1.52m) from the retractor. Retractor has a female input from building infrastructure, and a male connector on the output side. Input side has mounting tab that allows installer to cable tie HDMI to the retractor to minimize chances of a loose connection. NOTE: Per the HDMI specification, only four HDMI type cables exist: Standard Speed, Standard Speed with Ethernet, High Speed and High Speed with Ethernet. The HDMI organization has put in place a rule that requires all HDMI cables to be marketed in this manner. Therefore you will not see our cables marketed as HDMI 2.0 cables. Keep in mind that installing a cable supporting HDMI 2.0 features does not give your existing devices with previous HDMI specifications the ability to experience 4K x 2K resolution, 3D audio return or Ethernet New A/V equipment supporting these desired features is required in order to experience the newly specified features.
TBCRDP 	Cable Retractor with DisplayPort Cable – Mounts directly to the InteGreat Series A/V Table Box or to the underside of the conference room table using the TBCRHMK. Loaded with 12' (3.66m) of Displayport cable that extends out 5' (1.52m) from the retractor. Retractor has a female input from building infrastructure, and a male connector with latch on the output side. NOTE: Cable supports High Bit Rate (HBR) bandwidth and up to a 4K resolution. Built to DisplayPort 1.2 standards, meeting the requirements of high performance applications.

InteGreat Cable Retractors Ordering Information (continued)

Catalog No./Item	Description/Specifications
TBCRUSB 	<p>Cable Retractor with USB 2.0 Cable and Built-In Repeater – Mounts directly to the InteGreat Series A/V Table Box or to the underside of the conference room table using the TBCRHMK. Loaded with 12' (3.66m) of USB 2.0 cable that extends out 5' (1.52m) from the retractor. Retractor has a female Type A input from building infrastructure, and a male Type A connector on the output side. Input side has mounting tab that allows installer to cable tie USB connector to the retractor to minimize chances of a loose connection.</p> <p>NOTE: Built in booster consumes 100mA from the USB port of the computer to extend signals beyond the 5 meter length limitation. Maximum data transfer rate of 480Mbps.</p>
TBCRVGA 	<p>Cable Retractor with VGA cable – Mounts directly to the InteGreat Series A/V Table Box or to the underside of the conference room table using the TBCRHMK. Loaded with 12' (3.66m) of VGA VESA cable that extends out 5' (1.52m) from the retractor. Retractor has a female input from building infrastructure, and a male connector on the output side.</p>
TBCR3.5MM 	<p>Cable Retractor with 3.5mm Audio cable – Cable Retractor with 3.5mm audio cable. Mounts directly to the InteGreat Series A/V Table Box or to the underside of the conference room table using the TBCRHMK. Loaded with 12' (3.66m) of audio cable that extends out 5' (1.52m) from the retractor. Retractor has a female input from building infrastructure, and a male connector on the output side.</p>
TBCRHMK 	<p>Cable Retractor Horizontal Mounting Bracket – Allows retractor to mount horizontally under a conference room table, so cable can be accessed through a table grommet. Multiple retractors can be mounted to each other by attaching the TBCRHMK mounting brackets to each other.</p>
TP-CR-BKT 	<p>Perpendicular Mounting Bracket for Tablebox – Allows up to five (5) cable retractors to be mounted below the box, instead of on the sides. This allows the box and cable retractors to be mounted and hidden inside a majority of tables with barrel or pedestal legs. See diagrams below</p>

deQuorum™ Recessed Table Boxes
