## Double up?

The Func Flatscreen CH VSTD2 is a single solution to two requirements. It is a very functional stand that can hold two screens on the same pillar. Like most of our ceiling brackets the screens can be tilted for the perfect angle. The screens can be swiveled to any point in the room and the length is also adjustable. The cables are discreetly fed through the cylinder. The Func Flatscreen CH VSTD2 is a reliable choice for your heavier screens.

## Special features.

The design of the adapterplate user friendly and easy to mount. The design of the ceilingplate allows you to mount the bracket even if the ceiling is sloping. The SMS Flatscreen H2 Uniside is included in the package.

- Color: Silver or black.
- Max load: 50 kg/screen (standard). With custom made slide the product supports up to 100 kg/screen and side.
- Weight: 14 kg
- Total Length (from ceiling to the screens center line): 870-1430 mm.
- Swivel & Tilt: The screen can be swiveled +/-180° and tilted 10°.

Note: Cables are fed through the pillar. The adapter plate is prepared with a hole that makes it possible to secure the screen with a padlock. Can be mounted in sloping ceilings.

Required unislide: SMS Flatscreen H2 Unislide (included).  
Vesa standard: 200x100/200x200/400x200/400x400/600x200/  
600x400/800x400.

Note: The SMS Flatscreen H Unislide is **NOT** compatible with this bracket.
