

The Planate Tab-Tension Projector Screen combines the level flatness needed for ultra-short throw projectors with the convenient versatility of an electric motorized roll up screen. It features Elite's award-winning CineWhite® screen material in a tab-tensioned design. This dynamic 1.1 gain material accommodates a wide viewing angle with wide diffusion uniformity yet maintains astonishing flatness regardless of its roll-up format. Standard features include a wireless 5-12 volt trigger, IR/RF remote control package, and a detachable manual keypad switch.
