
DUAL LED WORK LIGHT WITH INTERCONNECT CABLE

LT-CABUTL-DUAL |

FEATURES & BENEFITS

The Rackmount LED Work Light is an integrator-focused rack lighting option offering unparalleled visibility during installation and servicing. Designed with flexible mounting and positioning capabilities, this full-rack lighting solution ensures premium illumination where the integrator needs it. Dual light with interconnect cable and multiple international power supplies included.

- Complete flexibility to illuminate anywhere in the rack.
- The only rack light with both vertical and horizontal mounting capabilities to light anywhere it's needed or space is available.
- Adjustable-angle light bar can be positioned so that its bright white LEDs will maximize full rack height illumination.
- Ships with multiple power connections for expanded international application.
- Low-profile, unobtrusive design won't impose on the installation and serviceability of the enclosure.
