

CCS-UCA-SMK

Swivel Mount Kit for CCS-UC-1

The CCS-UCA-SMK is a low-profile swivel mount accessory for the Crestron Mercury? Tabletop Conference System (model **CCS-UC-1**). It provides a means for permanently mounting the device to a tabletop surface while retaining the ability to rotate it for optimal positioning. The swivel range can be customized using optional limit screws, with a maximum of approximately 180-degree rotation allowed.

The swivel mount may be installed on any flat, level surface with a thickness of 1 inch (25 mm) minimum to 1-3/8 inch (35 mm) maximum. Wiring is routed through the center of the swivel mount, passing beneath the mounting surface for a completely hidden appearance.

Notes:
