

EG05A2 Video Tripod System

Great camera balance can be achieved due to the counterbalance feature with the built-in spring. The fluid torque system contributes to smooth operation. Its max.load is 7kg(15.4lbs). Max.height is 169.5cm, min.height is 76cm, transport length is 84.5cm, net weight is only 5.4kg. The EG05A2 is an ideal entry-level tripod system for home video shootings and for digital single-lens reflex camera users.
