

Evanesce Tab-Tension B Series

Electric Motorized In-Ceiling Projection Screen

Product Description

The **Evanesce Tab-Tension B** is our newest in-ceiling recessed projection screen. It is designed for concealed installations. It utilizes our CineWhite® front projection material. The tab-tensioned system maintains flatness uniformity throughout the entire surface with no tab impressions. Images pop and videos maintain true colors.

Product Design & Features

- Tab-Tensioning system provides uniform flatness on entire projection surface
- Black backing on material preserves image brightness for a sharper picture and eliminates light penetration
- Disappearing “in-ceiling” design for multi-purpose rooms
- Below or Above ceiling access accommodates installations from within the room or ceiling space
- Aluminum housing with white finish is slim yet strong and moisture resistant
