Install MVC640-C4-F13

- **MCore Pro** supports: wall mounting, TV mounting, or placement on a table.
- **MTouch E2** supports: placement on a table or wall mounting.
- **UVC84** supports: placement on a flat surface, mounting on top of a display, wall mounting, ceiling mounting, and TV mounting.
- Install and deploy the accessories in the system according to the environment and actual needs. For installation and deployment instructions, please refer to the quick start guide for each product.

Connect MVC640-C4-F13
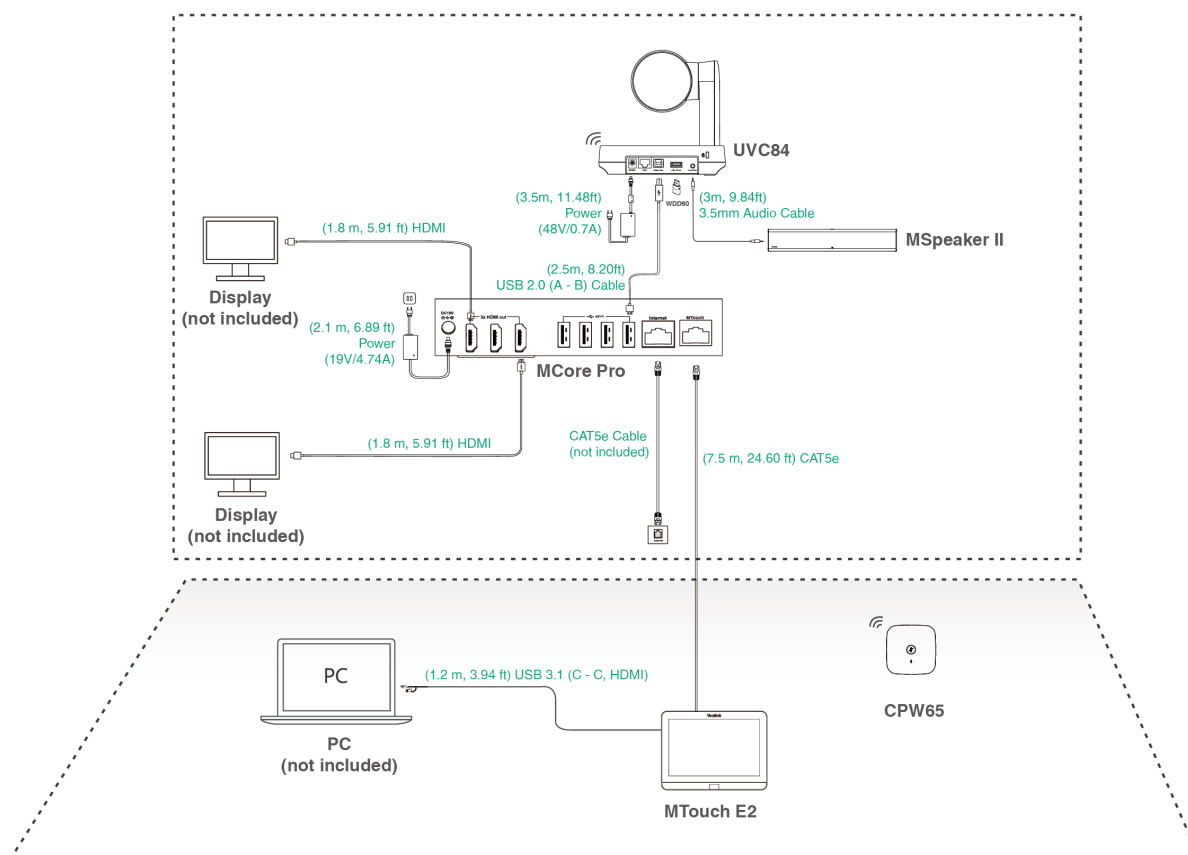

> **ⓘ NOTE**
> - When starting the system for the first time, you must connect a mouse to complete the initial configuration. We recommend using a wireless mouse and keyboard kit.
> - The maximum cable connection distance from **MCore Pro** to **MTouch Plus/E2** is 40m (131ft) and cannot be extended further.
> - Accessories not included:
>   - **Display:** Resolution of 1080p or higher with an HDMI port.
>   - **PC:** Must have an HDMI or USB-C port (supporting DP protocol).
>   - **Ethernet cable:** CAT5e or higher.
>   - **HDMI:** Standard HDMI cable.
>   - **PoE switch:** If using PoE to connect speakers or cameras, a PoE+ switch is required.
> - A USB-C cable with DisplayPort standard is recommended for **MTouch Plus/E2** content sharing. The original content share cable in MVC kits can also be purchased separately.

Supported Accessories

For the compatible devices and the maximum number of compatible devices, please refer to Teams Room Accessories Compatibility Lists.

Initial Setup

When the hardware deployment and connections are completed, you need to set up your Microsoft Teams Room System (MVC) system. Please refer to Quick Setup for more details.

Features

Control Camera Position

1. Sign in to your MVC system using a Skype for Business or Microsoft Teams account.

2. Tap **More** > to access the Camera Control page.
